

October 24 2018

Wow, what an awesome season. Just now getting closed up. A lot of little things getting done with some bigger projects on the list for this fall. Latest spring I think we have ever had here, with still 6 inches of ice 10 days before opening weekend. Scramble. Stay tuned for the list of accomplishments this season. Just wanted to thank each and every one of you for your continued support over the past 20 years. Without you all, tourism in the north would be non-existent and for that we are tremendously grateful. Front deck on cabin 8 - stripped and redone along with some support beams.

**Accomplishments for 2018:**

- moved and fixed collapsing wood shed
- took down old cabin 14
- roof on cabins 1,2,4
- all new beds in cabin 5 along with 1 queen added to accommodate couples

**On the wish list for 2019 opener:**

- new bathroom at cabin 1
- new bathroom at cabin 16
- new front door on cabin 12
- more aluminium boats added to the fleet
- Front deck on cabin 7 - strip and replace decking
- Front deck on cabin 5 - strip and replace decking
- Front deck on cabin 4 - strip and replace decking
- all new beds in cabins 4,7,8 along with 1 queen added to each of those to accommodate couples
